Paske, Hearing Examiner Public Service Commission P.O. Box 7854 Madison, WI 53707-7854
Supplemental Rebuttal Testimony, Specific to Demand-Side Management is Due: October 19, 1998, at 10:a.m. (at the start of the technical hearing)	

Additional time is being granted to allow parties the opportunity to comment in this proceeding on the issues as they relate to demand-side management (DSM). The issue of what activities are appropriate within the utility is to be addressed in this docket. It would be beneficial for the record in this docket to be developed adequately in the area of DSM to assist the Commission in its determinations on public utility DSM transition plans.

NOTE: This Supplemental Notice does not change the date on which hearings will begin.

The Commission is seeking further information specific to DSM on questions I.C. and II.A. of the previously-provided issue list:

?? What criteria/conditions should the Commission use to determine what DSM activities should be allowed within the utility structure?

☞☞ Do these criteria/conditions vary by customer class (residential, agricultural, commercial, industrial)?

☞☞ How do the criteria/conditions for DSM activities differ from the criteria/conditions for other activities?

☞☞ Comment on whether DSM activities meeting the criteria/conditions should be a utility service/activity or only provided on a nonutility basis.

?? Comment on the impact your DSM proposal would likely have on entities listed under II.A. of the previously-provided issue list.

NOTICE IS GIVEN that Supplemental Direct Testimony specific to DSM is due on Tuesday, October 13, 1998, at 4:30 p.m. and Rebuttal Testimony to supplemental direct testimony specific to DSM is due on Monday, October 19, 1998, at 10:00 a.m.
